

REPORTING PERIOD: 01 Jan 2023 - 31 Dec 2023

COMPANY NAME: CSL BEHRING

Name of Health Consumer Organisation	Description and/or purpose of support	Nature of support - monetary value (or equivalent) or description of non-financial support
HAE Australasia	HAE Australasia is a not for profit patient advocacy organisation, dedicated to providing support to Australian and New Zealand hereditary angioedema (HAE) patients and their families, as well as raising awareness of HAE resulting from C1-inhibitor deficiency. Support was provided to HAE Australasia to pilot a Lifestyle Program for Australian and New Zealand patients with HAE to a value of \$20,000. Additionally, CSL Behring provided \$62,960 to support the validation of a clinical assessment tool used to determine patient suitability for long term prophylaxis and improve the quality use of medicine.	\$82,960
Australia Primary immunodeficiency Patient Support (AusPIPs)	The Australian Primary Immunodeficiency Patient Support (AusPIPs) group is an organisation that supports patients with Primary Immune Deficiency (PID) and associated chronic illnesses in Australia. Support was provided for advocacy and education to promote disease awareness, improved patient outcomes and the quality use of medicines.	\$17,000
Immune Deficiencies Foundation Australia (IDFA)	The Immune Deficiencies Foundation Australia (IDFA) is a not-for-profit organisation that raises awareness, provides education and advocates for people with Primary (Genetic) and Secondary (due to chemotherapy and other treatments/or autoimmune illness) immune deficiencies. Support was provided for the IDFA national conference and a webinar series, both of which provided education to patients and caregivers on primary and secondary immunodeficiencies.	\$25,000
Myasthenia Alliance Australia	Myasthenia Alliance Australia is an organisation that provides support, education and advocacy for patients with myasthenia. Support was provided for the Myasthenia Gravis National Conference, held on the 21st October 2023 at the Concord Medical Education Centre. The purpose of the conference was to provide education for myasthenia gravis patients on pathways and services to better manage their condition, and updates on research.	\$5,000
Liver Foundation	The Liver Foundation is an organisation that raises awareness of liver health, supports patients with liver disease by connecting them with resources and services to help them manage their condition, and advocates for policy change. Support was provided to further develop patient education material to include video content and patient stories on specific liver conditions and how best to manage them.	\$15,000
